Broken Arrow City leaders will hold three public input meetings to further gather critical input from citizens as they formulate a proposal for the general obligation bond vote later this year. This GO bond will NOT increase taxes in the City of Broken Arrow.

In late 2017, City leaders gained valuable insight on residents' opinions on future projects, satisfaction on major City services and ways to improve the efficiency and effectiveness of these services. Continuing to engage and encourage community input, there will be three meetings open to the public to allow citizens to review specifics of potential projects and assist in the selection of package propositions.

The City of Broken Arrow has a long history of promises kept and being good stewards of funding for projects. Renewing the Broken Arrow GO Bond means citizens will benefit from these new projects such as streets, public safety, and parks -- with **NO** tax increase.

Broken Arrow continues to grow and is fortunate to remain on a growth trajectory in both population and businesses. As the City continues to grow in families and employers, it is critical to aggressively pursue long-term projects to ensure the City's infrastructure is able to meet the needs of both.
